New Rules Of Sociological Method

The book concludes with a succinct statement of some 'new rules of sociological method'. Representing the first, and most trenchant, exposition of the principles of structuration theory, this edition also contains a substantial new Introduction in which Giddens replies to some of the more persistent criticisms made of the original version and ...

New Rules of Sociological Method: A Positive Critique of ...

The "New Rules" is a great review of the major mid-late twentieth century approaches to microsociology: phenomenology, ethnomethodology, and Wittgensteinian approaches. What these three approaches have in common is a concern with meaning, agency, and interpretation; taken together they represent a major challenge to the previously dominant structural-functionalist and deterministic approaches to sociology.
