The Crosby Group announces the launch of the Crosby Straightpoint ChainSafe – for protection of cargo during transport. The ChainSafe, with a 4t capacity, is a smart dynamic solution for measuring the load on lashing, load securement, tie-downs and chain sling legs, and is designed in particular for the transportation and construction industries to secure loads and cargo.

The Crosby Group launches ChainSafe - MHW Magazine

A final and simple step for Wet Logistics operations seeking to mitigate risk when procuring lifting equipment or supporting services is to look for the LEEA logo. This shows that the service provider is a member of the Lifting Equipment Engineers Association – which is established across the globe as the leading representative body for all ...
