Iron golems are created by placing four iron blocks in a T shape (as shown in the image), and then placing a carved pumpkin, jack o'lantern or pumpkin [BE only] on top of the center upper block. The pumpkin may be placed by the player, a dispenser or an enderman, but it must be placed last. It needs space around it to be able to spawn and cannot spawn in a confined area.

Iron golem farming uses village mechanics to produce iron, as well as byproducts such as poppies and string. Usually, an iron golem farm is a player-constructed village in which golems are spawned and then either killed immediately or moved to a holding cell outside the village boundary for later killing.
